SAPslim
Cubicle System

Product Catalog

SAPslim

The SAPslim Cubicle System is our newest, entry-level cubicle product line. This versatile cubicle divider panel system was designed with affordability and practicality in mind. Its lightweight, modular construction makes it easy to quickly assemble in any work environment with almost no tools required.

These panels can be configured in any number of ways. You can use them to create simple one-panel room dividers or complex multi-person workstations with desks and storage options. These panels are freestanding and require no attachment to walls, floors, or ceilings. Additionally, wheels can be added to the base to create mobile divider walls to be used in more than one area of your workplace.

The SAPslim Cubicle System features 65" tall panels in frosted or transparent acrylic, 14 different colored fabrics, or non-porous laminate. If you're looking for a cubicle divider wall system constructed with quality, but at a lower price point, this is the system for you. Create safer, stylish, and practical workspaces for your office today.

This system can be constructed in tandem with the Sapphire Cubicle System if electric and data are needed.

*PLEASE NOTE: If ordering a 65"H panel in clear acrylic orders must be made in a minimum quantity of 10 or more.
